- ≡ Meetings Coordinator
- ≡ Public Relations Specialist
- ≡ Legislative Advocate
- ≡ Program Developer
- ≡ Special Events Planner
- ≡ Public Policy Analyst
- ≡ Research Assistant

## KEEP IN MIND...

This list is just a brief introduction to your career options - it is *not* a complete list! Also keep in mind that although these career fields are open to you as an emergency health services major, you must take extra steps to prepare yourself for a competitive job market. It is important to:

- (1) **obtain relevant internship, co-op, or volunteer experience** (see CSC about their part-time, major-related job announcements and/or the Shriver Center about co-op, internship, and service opportunities.)
- (2) **supplement your emergency health services course work** with classes that would be relevant and beneficial to your chosen career field.

Make an appointment with a career specialist for suggestions on researching your career options, choosing a career field, and preparing for your chosen occupation.
